

Temperature at the Waterloo Weather Station Summer 2010

High/Low Temp: 33.1 °C/ 4.0 °C
 Average Daily High: 25.3 °C
 Average Daily Low: 14.6 °C

Even a cold last 3 weeks couldn't stop this summer from being 1.8 degrees above average.

Precipitation at the Waterloo Weather Station Summer 2010

Total precipitation
 311.4 mm
 (average 274.0 mm)

A few days of heavy rain spread across the summer made it wet but just still just within the average range.
