

## Temperature at the Waterloo Weather Station Summer 2014

High/Low Temp: 30.1 °C/ 2.6 °C  
Average Daily High: 23.4 °C  
Average Daily Low: 12.8 °C

Although it was never that hot, it was also never really that cold, meaning the average temperature was pretty much average.

## Precipitation at the Waterloo Weather Station Summer 2014

Total precipitation  
442.1 mm  
(average 274.0 mm)

A consistently wet summer with only brief dry spell in late August. It was the third wettest summer we have seen in the region.
